

March Supplemental Learning

Lent is important for all us, especially children, as we prepare for Easter. It's a time for sacrifice and reflection and a time for giving and kindness, too.

Level 1 loves to do good deeds! During Lent, every time they do a good deed... cheerfully serving or helping another...they should record their loving action by coloring in one of the spaces.

Watch their hearts fill with joy as their chart gradually fills with color and how colorful the stained glass window will be for Easter morning!
