

November Supplemental Learning

PROJECT DISCIPLE

You are on a journey this year to become a disciple of Jesus Christ.

Your Conscience

Your guide to a blessed life.

During November, thoughts of thanksgiving come to mind. You probably have visions of Thanksgiving and the time off from school...but your focus should be about “thanks”-giving....or being more thankful for the blessings in our lives.

Often, you probably forget that no matter where you are, God is with you and knows you better than anyone else does. He loves you so much that he has given you a wonderful blessing...the gift of your conscience. Conscience is the voice in your head and the feeling in your hear that tells you if something is right or wrong.

Your conscience works in three ways:

- **BEFORE** you make decisions. It helps you to know what is good and consider the results of our choices.
- **WHILE** you are making decisions. It brings about feelings of peace or discomfort depending on the choices you make.
- **AFTER** you have made decisions. It enables us to judge, good vs. evil, the decisions you made.

Have you ever done something you knew wasn't ok, and then you felt uncomfortable? A voice in your head said, “Maybe you shouldn't do that. You might get in trouble.” That's your conscience! Your conscience is your inner guide that helps you live the Ten Commandments you are learning!

Making decisions is a part of everyone's life. Write about a time at school, home, or play where the choice you made showed love for God, yourself and others. Share your story with your family!

One time, when I was:
