

October Supplemental Learning

Showing God's Grace to Others: God's grace is defined as God giving us what we don't deserve. There are many ways for you to show God's grace to others. Whether it is through your words or actions, or even just responding with grace when someone says something mean to you. This month, we are challenging you to put into practice what you learned about grace. As you do things that show God's grace, you can color a cross!

Can you get all your crosses colored?
